

**Local area network
networking schematic
drawing**

With the work network seamless connection, is similar to joins a computer to be simple quickly;
Controls conveniently: The connection all may use for in network any computer to realize to the equipment management;
Realization unified local area network management.

**WAN networking
schematic drawing**

Matters needing attention:

- ◆ Although the controller has good guards against the static electricity anti-radar, strikes, guards against the leakage design, but guarantees the alternating current grounding and the controller engine case good connection by all means must, also real earth.
- ◆ Reads the card, the button installment altitude is apart from the ground 1.45 meters, may carry on the appropriate readjustment according to the actual need.
- ◆ All non- conventional operation, please by all means must first links up with our engineer. Meets the controller and other big electric current equipment on the identical power supply plug.
- ◆ The controller suggested installs and so on is advantageous for the service in the weak electric-pump well
